## **Acquisition of Scan Modul**

Asker Healthcare Group has signed an agreement to acquire 100 per cent of the shares in Scan Modul International Holding B.V. Based in the Netherlands Scan Modul is a leading provider of hospital workflow solutions for smart and safe logistics.

“Scan Modul will be an excellent complement to our existing offering. We are already selling the products that are stored in their solutions in the same markets, and now we can offer an even more comprehensive solution to support nurses and doctors in their daily work. We are pleased to welcome the team from Scan Modul to Asker and look forward to contributing to the company’s continued growth,” says Johan Falk, CEO of Asker Healthcare Group.

Scan Modul is a distributor of hospital infrastructure and workflow solutions, mainly specialising in modular storage, to facilitate efficient hospital logistics (storage and distribution). The portfolio covers solutions for all departments in healthcare facilities. The company was founded in 1912 and has 110 employees located across more than 10 countries. In 2024, Scan Modul generated revenue of approximately SEK 400m.

The acquisition is expected to contribute positively to the group’s EBITA margin and will be completed on July 3, 2025.
