

Press release 20 March 2026

Acquisition of RMS Medical Devices

Asker Healthcare Group has signed an agreement to acquire 100 per cent of the shares in RMS Medical Devices ("RMS"), a fast-growing medical device distributor based in Belgium.

"RMS is a highly respected company with 40 years of experience in the Belgian healthcare market and a strong reputation for clinically driven innovation. Their expertise in supporting hospitals and healthcare professionals as they integrate new solutions into daily practice aligns perfectly with Asker's ambition to build healthier communities. With a strong portfolio of high-quality medical devices from leading manufacturers, RMS will further strengthen and complement our current offering to European healthcare. We are very pleased to welcome the experienced RMS team to Asker and look forward to supporting their continued growth," says Johan Falk, CEO of Asker Healthcare Group.

RMS Medical Devices implements innovative medical technologies into hospitals and healthcare institutions across the Benelux region. The company combines strong clinical expertise in endoscopy, radiology and urology with rapidly expanding activities in digital health, artificial intelligence and minimally invasive surgery. In 2025, the company had 25 employees and generated a revenue of approximately SEK 170m.

The acquisition is expected to be completed on 1 April 2026 and to contribute positively to the Group's EBITA margin.
